AUTHORITY: Section 18 of the OSH Act (29 U.S.C. 667), 29 CFR part 1902, and Secretary of Labor's Order No. 5-2002 (67 FR 65008).

## Subpart A—General Provisions and Conditions

SOURCE: 37 FR 25931, Dec. 6, 1972, unless otherwise noted.

### § 1952.1 Purpose and scope.

(a) This part sets forth the Assistant Secretary's approval of State plans submitted under section 18 of the Act and part 1902 of this chapter. Each approval of a State plan is based on a determination by the Assistant Secretary that the plan meets the requirements of section 18(c) of the Act and the criteria and indices of effectiveness specified in part 1902.

(b) This subpart contains general provisions and conditions which are applicable to all State plans, regardless of the time of their approval. Separate subparts are used for the identification of specific State plans, indication of locations where the full plan may be inspected and copied, and setting forth any special conditions and special policies which may be applicable to a particular plan.

### § 1952.2 Definitions.

(a) *Act* means the Occupational Safety and Health Act of 1970 (29 U.S.C. 651 *et seq.*).

## 29 CFR Ch. XVII (7-1-06 Edition)

(b) *Assistant Secretary* means the Assistant Secretary of Labor for Occupational Safety and Health.

### § 1952.3 Developmental plans.

Any developmental plan; that is, a plan not fully meeting the criteria set forth in § 1902.3 of this chapter at the time of approval, must meet the requirements of § 1902.2(b) of this chapter.

### § 1952.4 Injury and illness recording and reporting requirements.

(a) Injury and illness recording and reporting requirements promulgated by State-Plan States must be substantially identical to those in 29 CFR part 1904 "Recording and Reporting Occupational Injuries and Illnesses." State-Plan States must promulgate recording and reporting requirements that are the same as the Federal requirements for determining which injuries and illnesses will be entered into the records and how they are entered. All other injury and illness recording and reporting requirements that are promulgated by State-Plan States may be more stringent than, or supplemental to, the Federal requirements, but, because of the unique nature of the national recordkeeping program, States must consult with OSHA and obtain approval of such additional or more stringent reporting and recording requirements to ensure that they will not interfere with uniform reporting objectives. State-Plan States must extend the scope of their regulation to State and local government employers.

(b) A State may not grant a variance to the injury and illness recording and reporting requirements for private sector employers. Such variances may only be granted by Federal OSHA to assure nationally consistent workplace injury and illness statistics. A State may only grant a variance to the injury and illness recording and reporting requirements for State or local government entities in that State after obtaining approval from Federal OSHA.

(c) A State must recognize any variance issued by Federal OSHA.

(d) A State may, but is not required, to participate in the Annual OSHA Injury/Illness Survey as authorized by 29 CFR 1904.41. A participating State may
